It is also color-coded, but instead of word classes, colors mean different categories, including emotions, desires, greetings, hobbies and time. But then the fun begins. Sitting in a restaurant and wondering what you have to say to the waiter to make the food appear in front of you? Other packages cost a couple of dollars and some are free if you subscribe to their newsletter. Although it looks like this app was created for children (the description says it can also be used for four years), anyone who wants to learn their first Spanish words can enjoy the intuitive interface and the exercises and games used to help memorize vocabulary. The key is to remember that Spanish flashcards The StudyStack site is a great place to learn, play and, above all, print flashcards. When I found out they started working on flashcards, I had to try them, and oh, boy, I'm glad I did. By that, I mean it's better to look for the things you need specifically, "Spanistic animals" of the corps⦠(the parts of the body). The 10th. After that, you purchase premium access or use the app to create your own decks and share them with other users.
